FRISCO UNIONS ASKED TO SUBMIT TO ARBITRATION

GENERAL STRIKE COMMITTEE HAS MADE REQUEST

Communist Quarters Are Raided By Vigilantes

San Francisco, July 17.—(P)—The powerful San Francisco general strike committee tonight virtually told striking Pacific Coast longshoremen and marine workers to submit to arbitration, or do without the support of the mass walkout now gripping the metropolitan area.

The committee made its stand contingent upon agreement by employers of the maritime workers to recognize the general unions in the general strike as the labor organizations properly representing "various trades in whose name the walkout originally was declared."

The steering committee's action was taken while San Francisco police and self-styled citizens "vigilantes" began separate but savage general attacks upon communist strongholds in the city.

The communist "hot spots" were attacked and wrecked one after another in the upsurge of club-swinging citizen groups. Behind the "vigilantes" came police who arrested 349 suspected agitators. Three men and one officer were hurt in the melee.

Every effort will be made to check the records and nationalities of those rounded up in the drive to clean out agitators and prevent violence. District Attorney Matthew Brady said.

The resolution for arbitration which was adopted by a vote of 207 to 180, called upon the governors of Washington, Oregon and California and the mayors of affected port cities therein to appeal to President Roosevelt to act in this emergency to the end that all waterfront employers and recognized unions of the employees be requested immediately to submit to arbitration all questions "by the president's longshore board."

Individual union leaders said they interpreted the resolution as meaning each of the ten organizations involved in the longshoremen's and maritime workers' strike would be obliged to take a referendum on whether to submit all their demands to arbitration.

"Left wing" leaders of the longshoremen's union, which started the walkout last May 9, raised their disapproval of the arbitration resolution. Harry Bridges, radical head of the local longshoremen's strike committee, charged the resolution had been "railroaded" through. He said many "unofficial" delegates slipped into the conference during an intermission.

George Kidwell, conservative secretary of the general strike committee, retorted with a statement that it was passed regularly. He said "extra precautions" had been taken to insure regularity in the balloting.

The Waterfront Employers' association, principal figure on the opposite side of the strike, will decide its course at a meeting to be held tomorrow.

SEXTUPLETS ARE BORN TO COUPLE NEAR BUCHAREST

Mother And Children Reported Doing Well

Bucharest, Rumania, July 18.—(Wednesday)—(P)—Sextuplets were born today to Mrs. Joha Jorda in the Rumanian village of Jontesti. The mother and children were reported doing well.

Chicago, July 17.—(P)—Dr. J. B. De Lee, obstetrician and medical authority of the University of Chicago, tonight reported that the birth of sextuplets was extremely rare, only six cases having been recorded in authentic medical annals.

Informing of the reported birth of six children to Mrs. Joha Jorda in the Rumanian village of Jontesti, Dr. De Lee said:

"All such cases of sextuplets are premature births and it would be extremely doubtful if the children would live unless the best of medical attention and equipment could be given them."

"As to previous cases of sextuplets, they happened years ago and their histories, while authenticated in medical records, are sketchy."

Medical records, kept over a period of about 500 years, revealed only six births of sextuplets.

Because of the infrequency of such births, no ratio for them has been worked out. Dr. Morris Fishbein, editor of the Journal of the American Medical Association, said. Twins, however, occur once in every 80 births; triplets, once in 1,400; and quadruplets, once in 512,000.

One medical authority at the time of the birth of the Dionne quintuplets in Canada 49 days ago said that only 30 such births had been recorded.

The five little Dionne sisters, all thriving at the age of 50 days, tomorrow will break all records for longevity, according to Canadian dispatches.

Available data shows that in Lisbon, Portugal, in 1668, the last of a group of quintuplets died on the 50th day of her life. No quintuplet child known to medical history, except the Lisbon baby, had lived longer than two weeks.

U. S. OFFICIALS
INVESTIGATING
WOMAN'S DEATH

Mrs. Dessie Masterson Was
Killed When Agent
Fired Thru Door

St. Louis, July 17.—(P)—Several officials sent by the United States department of justice are in St. Louis investigating the fatal shooting of Mrs. Dessie Masterson in a raid led by Lear B. Reed, agent in charge of the department of justice here.

The group is headed by Harold Nathan, chief assistant to J. Edgar Hoover, director of the bureau of investigation of the department.

It was understood that Nathan, as ranking official here, had taken charge of the St. Louis bureau in Reed's place. Whether Reed is under suspension could not be learned, and Nathan declined to discuss any phase of the federal inquiry.

Reed is under \$5,000 bond following a coroner's jury verdict of criminal carelessness in the shooting, and a grand jury investigation of the case was set for Thursday when he is held today, was killed while sleeping.

Mrs. Masterson, whose funeral was with a 9-year-old daughter, struck by one of several bullets fired through the door of her home in a raid by federal and local authorities.

The officers were in search of a police character supposedly in possession of a machine gun used in a recent slaying. After the raid it was learned the suspect had moved from the dwelling 3 months before and that Mrs. Masterson, her husband and children had occupied the place only 2 days.

WILL ENFORCE
TRAFFIC LAWS

Benton, Ill., July 17.—(P)—The village of Red Bud, in Randolph county, has delivered a novel scheme for enforcing traffic laws.

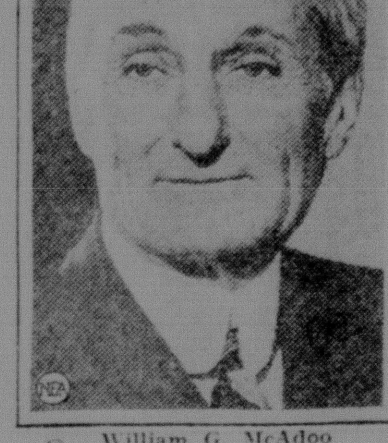

At the intersection of state highway 100, marked with stop signs frequently ignored by motorists, sits the town marshal in the shade of a building.

When a motorist ignores the stop sign the marshal blows his whistle and the offender is ordered to park at the curb. He is told that 15 minutes rest is sentenced upon him, and this may be extended to half an hour if he is obstinate.

When the time is up, he is cautioned to save time next time by the required park, and permitted to go.

GOV. LANGER DISQUALIFIED BY HIGH COURT

Lieutenant Governor Will Assume Duties Of Office

Bulletin

Bismarck, N. D., July 17.—(P)—The City of Bismarck was placed under martial law tonight by order of William Langer a few hours after the supreme court ordered his ouster as governor.

Several hundred persons shouting "we want Langer" marched through the city and then centered at the capitol building where about 20 national guardsmen were stationed by order of the adjutant general's office.

By declaring martial law, credence was given to the report Langer would use troops to defy the court order and prevent Lieutenant Governor Ole Olson from taking office as ordered by the state supreme court.

It was learned tonight the governor had sent instructions to every member of the legislature to convene in Bismarck Thursday noon pursuant to his call for a special session to investigate his conviction of a felony by a federal district court jury. The legislature is composed of majorities favorable to Langer.

Bismarck, N. D., July 17.—(P)—Governor William Langer under 18 months sentence for conspiracy to defraud the United States government, is disqualified by his conviction to hold office, the North Dakota state supreme court ruled late today.

In its ruling, the court said Langer's conviction of a felony by a federal court jury creates a disability that prevents him from holding office until the disability is removed.

The court ruled that if the circuit court of appeals reverses Langer's federal court conviction he will be entitled to resume his duties as governor. Olson in the meantime becomes an "acting" governor to serve until if Langer's disability is removed.

The decision comes on the heels of Langer's overwhelming victory in the June 27 primary election in which he was re-nominated on the republican ticket for governor.

Two days after the primary, federal Judge Andrew Miller sentenced him to serve 18 months in a federal prison and to pay a fine of \$10,000.

Langer appealed to the federal circuit court of appeals and attorney general P. O. Sathre, who defended him in the ouster case, contended Langer's status as governor is not affected until the last court of appeals has acted.

Langer and four co-defendants, including state highway commissioner Frank Vogel, were convicted by the federal court jury of conspiracy to solicit funds from federal relief workers. Previously Langer had been removed as federal relief director for North Dakota.

Four of the five judges concurred in the majority opinion. Judge George H. Moelling, appointee of Langer on the resignation of Justice L. E. Birdzell, dissented and reserved the right to file a dissenting opinion.

The court also announced a writ of quo warranto will be issued as soon as Olson's counsel arrives here. His attorney, H. G. Fuller, was enroute to Bismarck from Fargo.

Langer forces have indicated an appeal from the supreme court's order will be taken to the United States supreme court on the grounds that the disqualification is an invasion on Langer's citizenship rights and violates the federal constitution, but no definite announcement was available tonight.

In its order the court directed that the writ of quo warranto be issued and "that judgment be entered that the said William Langer is disabled to exercise the powers and perform the duties of the office of governor of the state of North Dakota and that the exercise of the said powers and the performance of said duties of governor have devolved upon the said Ole Olson, lieutenant governor, petitioner herein, until such disability is removed."

Los Angeles, July 17.—(P)—After brief testimony that she and William Gibbs McAdoo, junior United States senator from California, were incompatible, Mrs. Eleanor Wilson McAdoo was granted a divorce by Superior Judge Allen Campbell here late today.

Mrs. McAdoo testified that she could not live in Washington, where as a senator, Mr. McAdoo is obliged to spend the larger part of each year, her physician, Dr. Rea Smith also testified that she should not live in the cold winter climate of the nation's capital.

Grants Decree

Following the testimony, hardly more than five minutes all told, Judge Campbell granted the decree.

Henry Greavy appeared for Mrs. McAdoo and Arnold A. Odum appeared for Senator McAdoo, who was not in court.

The court approved a property settlement which was not made public and awarded the custody of the two children, Eleanor, 19, and Faith, 14, to Mrs. McAdoo.

It was understood both plaintiff and defendant would continue to live in Los Angeles.

Senator McAdoo will be 71 years of age, October 31 Mrs. McAdoo is 43. In 1924 McAdoo was put forward for the Democratic nomination for president at the Madison Square Garden convention, New York, and was a center of a deadline extending over 100 ballots.

In 1932, McAdoo headed the California delegation to the Democratic convention at Chicago. The California delegates were elected as supporters of John N. Garner.

During the convention McAdoo said: "There will be no deadlock in this convention. If a deadlock develops the nomination will not be worth a nickel. We from California, have not only to nominate but to elect a president."

When the California and Texas delegations decided Speaker Garner could not be nominated, they threw their support to Franklin D. Roosevelt and one of the most dramatic moments of any political convention developed when McAdoo went to the speakers platform to announce that California would support Roosevelt.

With the Roosevelt supporters in a frenzy of enthusiasm and the opposition howling and booing the six foot four chairman of the California delegation repeated: "We have come to elect a president not to deadlock a convention." The Roosevelt parade was on at once and the New Yorker went on to the nomination and election.

Returning to California, McAdoo won the Democratic nomination for the United States senate and was elected in 1932 for the six year term.

When McAdoo was elected to the senate two years ago, Mrs. McAdoo's health would not permit residence in Washington on account of the rigorous winter climate and she was unable to accompany him to the capital either last year or this.

"The incompatibilities which have arisen out of our divergent tastes and interests drove us reluctantly to the conclusion that a legal separation was the only solution," said Mrs. McAdoo.

McAdoo, a senator, Mr. McAdoo is obliged to spend the larger part of each year in Washington. That climate does not agree with me and it is impossible for me to live there. I have, always shall have, the greatest admiration and affection for Mr. McAdoo."

Mrs. McAdoo has correctly stated the reasons for the separation. I have nothing to add except to say I deeply regret it and devoutly wish that it could have been averted. I shall always entertain the warmest friendship and admiration for Mrs. McAdoo."

McAdoo, then secretary of the treasury in her father's cabinet, and Miss Wilson were married in 1914, the ceremony being performed in the white house.

After the world war, during which McAdoo assumed a number of additional duties to the treasury, including director general of railroads, the McAdoos moved to California. They have homes in Los Angeles and Santa Barbara.

OPERATORS MAY STRIKE

New York, July 17.—(P)—Radio operators on ships from the Pacific coast will be called out on strike as fast as the ships dock in New York, it was announced today by Roy S. Haddock, president of the American Radio Telegraphers association, which has declared a strike for an eight-hour day, wage increases and union recognition by the Pacific coast steamship lines.

The first ship to be affected was the Grace liner Santa Paula, which unloaded yesterday. Three operators walked off the ship on orders from union headquarters.

The union has 1,500 members, 600 of which are on the west coast.

INVESTIGATE BILLS

Belleville, Ill., July 17.—(P)—Charges that medical bills for St. Clair county institutions "were 1500 per cent too high" will be investigated by a grand jury here tomorrow.

The investigation was requested following charges made by Calvin D. Johnson, member of the county board of supervisors. Johnson termed as "excessive" two bills totaling \$2130 for a seven-month period presented by an East St. Louis drug company for medicines at the county jail and the county home and hospital.

TEXTILES MILLS STRIKE MARKED BY VIOLENCE

20 Mills Idle And 15,000 Workers Quit Jobs

Huntsville, Ala., July 17.—(P)—Rioting at one mill and threats of violence at another today marked the beginning of an announced statewide strike of textile mill workers, which found more than 20 mills idle and an estimated 15,000 away from their jobs a few hours after the deadline had been reached.

Angry strikers swarmed about the Fletcher cotton mill, last of Huntsville's six plants to remain in operation, and brandished clubs and sticks until the plant was closed.

Police reserves and special deputies who went to the mill with a machine gun and rifles found a throng in the yard of the plant, but the tension had been slackened by the shutdown.

Fear Violence

At Florence, where three mills are out, officials of the Gardner-Waring knitting mill said their plant was closed although only 72 of their 500 employees were on strike. Fear of violence, which had been threatened, was blamed for the shutdown.

John Dean, international representative of the United Textile Workers of America and head of the strike bureau established here, said the strike "was progressing satisfactorily."

Dean again asserted confidence that 40 plants would be closed and that 22,000 would be on strike before midnight.

Mills are closed in Huntsville, Florence, Anniston, Gadsden, Birmingham, Jasper, Ord, Guntersville, Albertville and Piedmont.

Strikers are demanding a permanent 30-hour week, a \$12 weekly minimum wage elimination of the "stretch-out" system whereby the number of looms per employee is increased, restoration of jobs eliminated by the "stretch-out," reinstatement of employees discharged for union activity and recognition of the United Textile Workers of America for collective bargaining under Section 7-A of the N.R.A.

MIDWEST GIVEN
ANOTHER DOSE
OF SEARING HEAT

Many Southwest Cities Report
Temperatures Above
100 Mark

Kansas City, July 17.—(P)—Much of the smothered midwest got another dose of searing heat today.

Plans for asking Divine aid to break the drought went ahead in Kansas City and other communities in the arid area.

The Rev. A. Gamhouse of the Bales Avenue Baptist church, who called a rain-prayer meeting for Wednesday night, received many telephone calls today from ministers and laymen seeking to make the meeting a general city-wide supplication.

"The purpose of the drought visited upon us is being fulfilled," Mr. Haus said. "The people apparently are again ready to turn to God and believe in His promise."

At Chicago, St. Louis and other places the heat abated somewhat, but the sun continued to blister the "bread basket" states including Kansas, Oklahoma and Missouri.

Among the hot places were Ottawa, Kas., where the all-time high of 110 established August 3, 1918, was equaled today after readings of 109 the past two days and following 20 days of temperatures above 100; Bartlesville, Okla., with 110; Newkirk, Okla., 105; Ada, Okla., 106; and Blackwell, 103.

DILLINGER CAR?

Postoria, O., July 17.—(P)—A new green sedan containing two men and bearing the stolen license plates used by bandits who shot five Postorians in a \$17,000 bank holdup here May 3 was seen today on the outskirts of the city.

A. M. Walsh, acting police chief said that a "reliable citizen" whose name he withheld saw the car heading west in Route 18 in the direction of Defiance.

"He didn't recognize either of the men," Chief Walsh said, "but he noticed the plates and then looked again to make sure. He couldn't tell whether the men were armed."

Walsh said he was convinced that the occupants of the machine are members of the Dillinger gang.

BOMB TRANSFORMERS

Kosciusko, Miss., July 17.—(P)—A dynamite explosion today damaged the large transformers of the Mississippi Power and Light company, which supplies electric power to the Aponaus Manufacturing company. Three arrests were made.

Officers blamed the explosion on labor troubles at the textile plant.

HOT JOB

Oklahoma City, July 17.—(P)—Mrs. Lulu M. Severs' job is not much fun when it's 102 in the shade, she said today.

Mrs. Severs, a Red Cross executive, is wrapping up Christmas presents for soldiers in foreign nations.

BABY CONNOR IS FOUND IN WOODS, ALIVE, SMILING

Zoo Keeper Is Killed By Two Grizzly Bears

Denver, July 17.—(P)—Two huge grizzly bears, irked by unusual heat, attacked and killed their keeper, Charles E. Wyman, today and threw the whole Denver zoo into turmoil.

Guards raced to Wyman's aid in the natural habitat pen and shot and killed the two grizzlies, but the veteran keeper already was dead.

He had entered the cage to clean it and cool it with water. He played a hose over the concrete floor of the enclosure and it was believed he accidentally turned the water upon one of the bears, Lady Yellowstone, who was brought here 20 years ago from Yellowstone park as a cub.

With a roar, the grizzly was on him. Wyman turned the full force of the hose into the face of the bear, attempting to blind it, but that only enraged the animal. Lady Yellowstone's mate, Teddy, plunged into the struggle and the two bears quickly mangled the keeper.

STATE RESTS
ITS CASE IN
MORALS TRIAL

Defense Begins Its
Presentation Of
Testimony

Los Angeles, July 17.—(P)—The state rested its case today in the so-called "Hollywood Moral Trial" of Dave Allen and Gloria Marsh, and the defense began introducing witnesses to give testimony designed to bear out the defense contention Allen was "framed" by persons who wanted him ousted from the Central Casting Corporation.

Allen, former head of the corporation, Hollywood's film extra bureau, and Miss Marsh, attractive red-haired actress, were indicted for participating in an immoral party at June DeLong's apartment last April 26.

First Witness

Mrs. Myra McKinney Russell, film players executive, the first defense witness, testified June DeLong, accompanied by Mrs. Pat Hanman, appeared at her office last January and "wanted to give a statement concerning Mr. Allen's morals."

Miss McKinney, as Mrs. Russell said she is known in Hollywood, testified she was secretary of the motion picture supporting and extra players association.

Miss DeLong appeared as the state's witness against Allen and Miss Marsh. "Miss DeLong said she wanted to make a statement concerning Mr. Allen's morals," Miss McKinney testified. "I told her we were not interested in the morals of any one individual and suggested that she give her statement to the district attorney."

Previously Miss Fairchild, the guard from whom Miss DeLong escaped last Saturday and was later recaptured, testified that Miss Marsh admitted to her that she attended the party.

"I asked her if she had been doing that sort of thing to get money to buy an automobile for herself and her husband and she replied 'no.'"

This was the first indication during the trial that Miss Marsh is married. Allen has been married several years.

RELIEF WORKERS
GO ON STRIKE

Danville, Ill., July 17.—(P)—Demanding food orders and a change in the administration of relief in Vanderburgh county, 1,000 county relief work employees went on strike today.

Dissatisfied because government pay checks have been held up on some projects, through a technicality, the workers held a meeting Monday night and voted to strike. There are 1,300 employees on the various projects and only 300 showed up for work today.

The strike was alleged to have been called by Ray Foster, president of the Brotherhood of Allied Workmen, an organization of relief workers.

Relief officials said they would not meet the demands and that the strikers would be refused further relief.

There was no violence during the day and no attempt, beyond persuasion, was made to prevent the 300 who refused to strike from performing their tasks.

POSTPONE ACTION

Springfield, Ill., July 17.—(P)—Further action on the Illinois commerce commission's effort to get the Peoria Water Works company to reduce its rates today was postponed until September 25. During the hearing there were arguments between P. H. Radley, attorney for the water company, and W. F. Bonahan, representing the Peoria Tax Payers association.

Value of the company's property was placed at \$6,163,259 by an appraisal.

SUFFERS FROM EXPOSURE AND STARVATION

Police Believe He Was Abducted And Then Freed

By Francis A. Jamieson

Associated Press Staff Writer
Hartford, N. Y., July 17.—(P)—Baby Bobby Connor, found scratched but smiling in nearby woods after he had been missing five days, lay seriously ill of exposure and starvation tonight while police expressed the belief he had been abducted and then freed.

"I am forced to the conclusion that it must have been a kidnapping," said Captain Philip J. McQuillan, head of the Greenbrough police.

"I feel that the baby was placed in the woods (which had been searched frequently) in the last 24 hours. I don't think he could have crawled or walked that far back into the woods."

Twenty-one months-old Bobby was discovered in a bramble thicket a half mile back of his parents' home in mid-afternoon by Sergeant Jerome Hogan accompanied by Officer Roselle Dunkel of Greenbrough.

Described Finding

Hogan described the finding in these words:

"Captain McQuillan and I went up that way last night looking for a well, where we thought the baby might have fallen in."

"About three-quarters of a mile in the woods we found a handkerchief."

"Captain McQuillan told officer Dunkel and me to go up there again this afternoon and just sort of look around. We looked over the wall and saw a space of trampled grass."

"At the same time we saw the baby. I said, 'There's Bobby now,' and he kind of looked up at us."

"Then we ran home with him to his mother."

Officer Dunkel said he and the sergeant had been walking southwest from the Connor home.

"The baby was propped up against the rocks. He was a mass of cuts and bruises and his pink sun suit was torn."

From the Connor home, where the mother was placed under a physician's care, Bobby was taken to Grasslands hospital at Eastview.

Dr. C. W. Munger, head of the institution, reported he was suffering from exposure and lack of food and water. It appeared, he said, the child had received no water in four days.

"The baby is in a very precarious condition but has a fair chance to recover," Dr. Munger added after completing his examination.

"There is evidence of starvation. I do not think the bruises, cuts and scratches on the baby's body could have caused any serious infection."

Because of Bobby's weakened condition—he had lost 8 pounds, a third of his weight—doctors considered giving him 100 cubic centimeters of his father's blood. A test of blood was made to determine its suitability.

There was no evidence Bobby had been mistreated, the examination showed. He was still wearing the pink rompers in which his mother had dressed him Thursday.

Confronted with the mystery of whether the child had been in the woods since Thursday evening or had been kidnapped and then placed there today, Captain McQuillan announced a thorough investigation would be made.

"We are going to cover all angles," he said. "We will question everybody concerned, including members of the family."

After the child was found, Henry Lee Forrester, middle-aged eccentric hoddler who was detained last night, was questioned again. Forrester had alarmed housewives in the neighborhood shortly before Bobby disappeared.

PREVENT JAIL DELIVERY

Venice, July 18.—(Wednesday)—Closing the gates of a blazing picturesque island prison in Venice where some of Italy's most desperate criminals are housed, authorities early today prevented a menacing jail delivery.

Three hundred and seventy long-term prisoners were held at bay by hastily-summoned military police and sailors at the point of rifles and herded into the prison church.

Meanwhile the entire Venetian fire fighting force played streams of water on a fire which destroyed two large penitentiary establishments. They put the fire under control just before dawn after several hours of intense battling.

Authorities discovered a plot among inmates who had set the fire hoping to escape in the resultant confusion. There were no casualties.

FOUND DEAD IN CAR

Belleville, Ill., July 17.—(P)—William Waker, 38, Erie, Col., was found dead in his automobile at Devil's Hole coal mine, near Caseyville shortly before noon today. He apparently had shot himself to death. A revolver was found beside him in the car.

Walker came here recently with his wife to visit Mrs. Walker's relatives.

Family Gathers to
Honor Mrs. Standley

Concord, July 17.—Sunday the 15th being the birthday anniversary of Mrs. Walter Standley, a number of relatives and friends planned to help her celebrate the event. A basket dinner was held at the home three miles southeast of Concord.

Mrs. Robert Caywood baked a large cake and adorned it with twenty-five beautiful pink roses and presented it to Mrs. Standley. Among those from Jacksonville were Mrs. Mary Standley and four children, Miss Sula Caldwell, Miss Glenna Plank and Dean Kershaw; from Arcadia, Mr. and Mrs. Ed Standley, Fred Standley; from the Concord community: Carl Beddingfield and family, Mr. and Mrs. Russell Standley and daughter, Mr. and Mrs. Dwight Kershaw and three children, Mr. and Mrs. Walter Beddingfield, Mr. and Mrs. Hess and four children, Mrs. Beatrice Brockhouse and three children, Richard Standley, Mr. and Mrs. Robert Caywood and son, Mr. and Mrs. Clarence Moss and two children, Mr. and Mrs. Charles Beddingfield and daughter, Mr. and Mrs. Sam Brockhouse, Mrs. Sarah McGinnis, Lazelle Nergenhah, Alpha Nergenhah of Chapin.

Byron Ogle, Mr. Mandell and son of Amarillo, Tex., visited Mr. and Mrs. Frank Ogle and M. O. Smith from Saturday evening to Monday morning and started very early on Monday morning to Chicago. After seeing the Century of Progress, Byron Ogle will return here for a week's visit with his parents and Mr. Mandell and son will return home in Texas.

SEVENTH ANNUAL J-C TENNIS TOURNAMENT DATES SET

Parmelee Hits Homer With Bags Loaded To Beat Cubs 5-3; Bruins Take Nightcap

New York, July 17.—(P)—The Giants and the Cubs battled through a pair of pitching battles on even terms today, leaving them with one more game to go almost where they started their "usual" five game series. Bud Parmelee batted out his own 5 to 3 victory for New York in the opener while Bill Lee bested Carl Hubbell as Chicago won the afterpiece, 2 to 1.

By dividing today's bill and the four games played so far, the rival clubs approached tomorrow's final game of the series just where they started with the Giants leading by two full games.

Parmelee pitched his first full game since he returned to action following an attack of appendicitis and his first victory since July 18 in the first clash. He allowed only seven hits and made up himself for the Giants' failure to collect more than six off Lonnie Warneke when he slammed

RED SOX DEFEAT PALE HOSE 6-2

Chicago, July 17.—(P)—Pitching steadily, Wes Ferrell turned in his seventh victory for the Red Sox today as the Bostonians defeated the White Sox, 6 to 2, to go one up in the series. Ferrell has been charged with only one defeat this year.

He allowed only six hits, half of which were fashioned by Al Simmons, and shut out the Chicagoans until he had a commanding six-run lead in the eighth when the home Sox paired two of their six hits with one of Ferrell's three walks for both their tallies.

PREPARE SCHEDULE FOR SECOND ROUND OF Y. M. C. A. GAMES

Old Twilight League To Be Known As Americans And Former Y.M.C.A. League To Be Known As Nationals—To Alternate Diamonds.

A schedule of games for the second half of the Y.M.C.A. league was completed last night with the addition of the Blesse Specials, made up of State Hospital and other players who entered the league for the second half in the league. Play in the second half of the season will begin Thursday night on the two diamonds used thus far.

The former Twilight league will be identified as the American League under the new arrangement which classifies four teams in one league and the former Y.M.C.A. league will be known as the National League. Teams will alternate play weekly on the two diamonds, and will play twice each week.

The schedule for the second round is as follows:

American League	
July 19—Red and White vs. Blesse Specials	
July 20—Fox Illinois vs. Myers Brothers	
July 24—Red and White vs. Fox Illinois

Entry List Opens Today For Tournament To Be Played Off Between July 30 and Aug. 4

The Journal-Courier's seventh annual tennis tournament dates have been set for July 30-August 4, and the entry list is open!

Final arrangements for this annual tournament, which has been growing by leaps and bounds since its origin just seven years ago, were completed yesterday when Dr. C. P. McClelland granted the use of the MacMurray concrete courts to the Journal-Courier for the data mentioned.

The entry list, which is hereby declared to be officially open, will remain open until Friday night, July 27. Pairings for the tournament will be made Saturday and announced in Sunday morning's issue, July 29, of the Journal. Thus tennis players have ten days to get in their entries for the three divisions of the tournament.

The big division is expected to be the city singles division, in which Elmer Lukeman will defend the crown he won last year with a gallant exhibition of tennis. Lukeman, who was a member of this year's Jacksonville high tennis team, and who won his way to the state finals at Champaign by mowing through a tough field at Macomb, will be a marked man this year after taking the title in last year's affair.

Equally large will be the entry list as compared to last year in the district singles, which is for players living outside the city limits. Merrill Kesinger, of White Hall, won the crown in this tournament last year, but lost to Lukeman in the play-off for the all-tournament singles trophy.

Doubles teams both from Jacksonville and outside the city will meet in the doubles tournament. Jack Moriarty and Edward Yorbeck are the defending champions, but Moriarty probably will be forced to find

VAN METER SEEKS TO SELL LIGHTS AT COLLEGE FIELD

Blueboy Athletic Director Declares Night Football Not A Success Here. Will Dispose of Entire Plant to Clear Up Indebtedness.

Illinois College's night football fighting plant, which was installed three years ago, will go on the block if Athletic Director LaRue Van Meter can find a purchaser. The entire equipment, from reflectors to the tall poles and towers which put the lights up in the air 50 feet, will be sold because night football has not been a paying proposition in Jacksonville.

Faced with necessity of meeting a promissory note given when the lights were purchased, the Illinois College chief said yesterday that he has put out several feelers, and that he expects to sell the plant before fall.

The coach has been unable to line up any college opponents for night games this fall, and has several open dates on his schedule to be filled before the football season gets underway.

Six conference games have been put on the chart thus far, and the coach believes that is all of the Little 19 opponents the Blueboys will be called upon to meet. However, Van Meter hopes to hook up with some of the more outstanding colleges for games this fall, to fill out the schedule.

The schedule, as it now stands, is as follows:

Oct. 6—North Central here.

Oct. 13—Western Teachers here.

Oct. 20—Knox here (Homecoming).

Nov. 3—Carthage here.

Nov. 18—At Eureka.

Nov. 25—At McKendree.

BROWNS IN FORFEIT FROM LUTHERANS

Brown's Business College softball team won another game last night in the Y. M. C. A. Softball league, but they took this one via the forfeit route. In a practice game, the Brownies defeated a team of pickups 10-3, when the Lutheran softball team, their scheduled opponent, failed to show up.

TIGERS NOSEOUT SENATORS 4 TO 3

Detroit, July 17.—(P)—Coming thru with timely hits and a double play to help Carl Fisher over some tough places, the Tigers defeated Washington 4 to 3 today and strengthened their hold on first place.

Although he allowed Washington but six scattered hits, Fischer exhibited touches of wildness, walking eight Senators.

The runs scored by the Tigers in the sixth through the eighth, by Gehring, Greenberg, and Owen, a single by Rogell and an error by Travis, clinched the game. Up to that time Washington had led Detroit 3 to 1.

Fischer got into some hot water in the ninth inning when, with one man out, he walked two to load the bases. Ossie Bluege previously had singled. At this juncture Gehring, Rogell and Greenberg worked a double play to end the Washington threat.

NAZARENE REVIVAL WILL BE CONTINUED

The Church of the Nazarene has moved its tent to the corner of West Court and North West streets just north of the court house and will continue revival service through July 29th. Rev. Allison of Jacksonville will do the preaching, being assisted by other pastors of this vicinity.

Miss Dorothy Spafford and Miss Winona Brackett of Decatur will be in charge of the music. Both young ladies are members of the Decatur First church and have been associated in radio work for the past two years. Services will be held each evening at 7:45. The church extends a welcome to the public to attend these services.

George M. Davis of Pittsfield was a Tuesday caller in the local community.

Athletics Make Three Home Runs In A Row But Browns Capture Ball Game 7 To 4

St. Louis, July 17.—(P)—Philadelphia batsmen equaled a record today when three players knocked home runs in succession in one inning, but the Browns took the decision, 7 to 4.

It was the fourth time in baseball history that the home run feat had been recorded. Johnson, Fox and Higgins hit in that order in the fourth inning. Jack Knott, the St. Louis pitcher, remained on the mound despite the long range run bombardment, and got credit for the victory, although he retired in the eighth.

The win gave the Browns three out of four games played with the Athletics during their current visit.

6 DIE, 13 INJURED

Montreal, July 17.—(P)—Six persons were killed and 13 injured in a collision early today between a street car and a truck.

The accident occurred on St. Lawrence Boulevard. Some of those hurt were believed to be in a critical condition.

ISAIAH CAPTURES FEATURE EVENT

By Orlo Robertson
Associated Press Sports Writer
New York, July 17.—(P)—Finishing a speedy trip over six furlongs with a spectacular stretch drive, Ed Trotter's Isaiah, ridden by Jack Westrope, today defeated four rivals in the Midlothian handicap at Arlington Park.

The four-year-old son of High Time, now winner of four of his six starts this year, reeled off the three-quarters of a mile in 1:11 to beat Warren Wright's Some Pomp by the narrow margin of a head. C. V. Whitney's Clothing was third while Mrs. John D. Hertz's Paisleybuck, the favorite, and Gift of Roses, completed the field.

Isaiah paid \$7.40 for \$2 in the mutuels.

In the fourth race, jockey J. Pollard was suspended for the remainder of the meeting for impeding and holding Prince Splendor, which finished second to Preminent. Pollard was up on Toro Bang. The stewards also referred the case to the Illinois State Racing Commission and recommended a further suspension of ten days.

The unusual of seeing a rank out-sider win at a New York track occurred in the first race at Empire City, when the Pine Tree farm's Trading Post beat off a field of platers and rewarded his scattered backers at 60-20 and 10 to 1 across the board. The victory was the first in 11 starts for the three-year-old.

The riding of Tommy King was the feature of an all-climbing program at Rockingham Park. The little jockey brought home two winners—Lamp Black and Integrity—and finished second with Old Judge, Frigate Bird and Polyton. Of his two winners, Integrity paid the longest odds, returning \$12.50 for \$2. Lamp Black was a 3 to 2 shot.

Topping the triumphs of outsiders at Detroit was the victory of K. Dairgerfield Jr.'s Int in the two-year old race, decided over five and one-half furlongs. The daughter of Morvich, sixth in her two previous races, beat Hero's Lady by a nose and returned \$42.50 straight. Eddie J. Was third.

DENVER NEWSPAPER PLAYS UP TORNAO

The Journal office Tuesday received a copy of The Rocky Mountain News of Denver, edition of Wednesday morning, July 11, which carried the news of the big storm here.

In bold headlines, Jacksonville was reported being hit by a tornado, with damage estimated at \$500,000 with the phone wires down and the city plunged into darkness.

Flynn Allows Only One Hit, Fans 12 As Foxes Beat Dairy

Ike Flynn, one of Jacksonville's two pitching policemen, turned in a one hit game last night on the high school diamond as the Fox Theaters defeated the Morgan Dairy 12-1 in a Y.M.C.A. league game, struck out 12 Dairyemen, and tossed out another man at first to take the leading role in 13 of the 15 put-outs made by his team.

Gardner, Dairy fielder, punched out a double in the third inning and converted the blow into a run on one of the two errors the Foxes made behind Flynn. Beemer, Dairy starting hurler, was no match for this type of pitching as the Foxes ran in eight runs in the second and got four more off Dobson, who relieved Beemer, before the game was over.

Flynn gave only one free ticket to first, and struck out Dairy hitters in order in the second and third innings, and registered at least two strike-outs in everyone of the five innings played.

Extra! Mayor Wins in Close Race!

If Mayor La Guardia of New York was puffing at the end of the fat man's race it was merely because he had a big black cigar in his mouth. That's how easy it was for him to beat his aldermen-comptrollers at their annual outing on Travers Island. You see him (second from right) stepping gingerly over the finish line.

"No Man's Land" is Better Looking Now

White Hall, July 17.—The Citizens Community club met at the Doyel Cafe with thirty-four present. An excellent dinner was served by the management after which the president, Stanley Thomas conducted an unusually interesting meeting. Rev. VanSchoick of Carrollton who is in charge of relief work in Greene county explained a new program of relief in the county to which the club pledged its moral support and promised to assist in any way possible.

A letter was then read from the management of the St. Louis Cardinals, which invited the boys and girls in White Hall between the ages of eleven and seventeen years to attend a free ball game in Sportsman's park some time during the season. R. C. Bell and Ernest Neece were appointed as a committee to make arrangements for transportation for all those who care to attend the game, the date to be announced later.

Improvement on Streets

The club has been sponsoring the filling in of what they call no man's land, a strip between the sidewalk and the pavement in the business part of town. This has been concreted making it on a level with the sidewalk, really increasing the width of the walk. It is proposed to provide uniform benches to be placed at the edge of this walk which will face the business houses providing a resting place for shoppers. Dean Cora explained how this had been done at Petersburg, Florida. Merle Mackey and E. J. Lukeman were appointed to look into the matter and see what could be done about it.

Edward Giller offered funds to help pay for building a bridge at the Roodhouse community park, and asked that a committee be appointed to meet with the White Hall city council and suggest to that body that they appropriate the cost of the bridge as a gift from the city of White Hall to the city of Roodhouse. This is being done because White Hall citizens use the park nearly as much as Roodhouse folks.

Ennis Tunison, president of the White Hall chautauqua made a talk and asked the support of the club for the nineteenth annual Chautauqua which will be held the week beginning August 5 and closing August 12.

A letter addressed to W. P. Neutzman, agent for the Alton railroad, from an official of the road, in regard to a speaker for the club and suggesting a date, which fell during Chautauqua week, was postponed to a later time.

CWA Official Speaks

Edward Giller, head of the CWA in Greene county explained the possibilities of securing an athletic instructor as a relief project in White Hall and Lyndel Rose, Fleet Barnett and Dr. H. C. Haynes were named on a committee to make such arrangement.

A committee of former employees of the overall factory which has been closed here, called on the president, Stanley Thomas, and said they would be willing to donate a goodly part of their earnings toward an industry that would come to White Hall and provide employment for the women of the town. Mr. Thomas reported the matter to the club and it may be that something can be done to help these people later on.

The club will continue to sponsor free dances every Friday night during the summer, in the Whiteside park. These have become very popular.

Strikers Make Desperate Last Stand in Farm War

Hurling rocks and shouting defiance at the police and sheriffs who were advancing on them with clubs, tear gas and hose, striking farm hands in Bridgeton, N. J., are shown making a desperate last stand here and they fled in retreat. As a result of the clash, which has been termed the bitterest labor battle in the East since the NRA, more than 70 were injured and 27 arrested. The strikers were protesting against a reduction in wages.

Civil War Veteran Ill at Jerseyville

Jerseyville, July 17.—Patrick W. Lynch, veteran of the Civil war and Indian wars succeeding the former conflict, is ill at his home in this city. Lynch saw four years of active service in the Civil war in which he was a member of Thomas Corps, fighting in more than sixty major engagements.

Lynch saw service on the plains for twenty-six years during which time he was attached to the United States cavalry. His regiment was nearly trapped by the Sioux at the time that Custer and his troopers were wiped out.

The Sioux pursued the Third Cavalry of which Lynch was a member for forty miles before the command was saved by advancing infantry supported by artillery.

The command of Lynch fought in the battle of Wounded Knee where the Sioux and their allies were given a decisive beating. Lynch was with the company that wiped out an Indian village following the killing of Custer and his men. In the village the troopers recovered the shirts of Custer, and his brother Thomas. They also found a gideon of Custer's command in the same village. "We felt that we had avenged Custer by our action that day," Lynch stated in relating the story. "It was General Custer's fault to a great extent that he was trapped by the Sioux."

Lynch was a great admirer of Texas Jack as a scout. "He was the best beloved of all the famous scouts," Lynch said. "William Cody was a good scout, but he was more of an officers' man. He was not so well liked by the general class of troopers. I also served under Crook who was another great Indian scout and fighter."

Two Girls Sentenced

An information was filed in the county court Saturday by State Attorney R. C. Chappell against Kathleen Bligh and Virginia Holmes charging them with larceny. Pleas of guilty were taken by the two before Judge Fred W. Howell who sentenced them to one year at the state reformatory for young women at Geneva.

Upon their application for a parole, the two were granted their request and paroled to Deputy Sheriff Floyd Darr.

While local inhabitants are sweltering in the terrific heat, the old fashioned weather prognosticators have come forward with a prediction of an early frost.

The singing of the katydid is the basis for the forecast, and observers state that the insects first began chirping the night of July first. It is an old prediction that within a forty-two day period from the time when the night cry of the katydid is first heard the initial frost will make its appearance in the locality.

A checkup which is being made this

week in Jersey county reveals that the English ring neck pheasants that were turned loose last fall in various localities have adapted themselves to their new environment and are reproducing and doing well in spite of an adverse summer.

The Jersey County Emergency Relief received a shipment of 26,000 pounds of potatoes Monday for distribution among the needy relief clients in Jersey county.

Distribution of the tubers is being undertaken by the warehouse superintendent, Russell D. Powell. The total number of relief clients on the Jersey county roll is 260 which is about one hundred less than the peak load during the winter months.

Chinch bugs are not committing the amount of damage to growing corn that was predicted earlier in the season. Wilbur Rowden who operates a farm in the Sherman school district northeast of Jerseyville stated Saturday evening that the bugs are not making the heavy showing anticipated at the time of wheat harvest.

SUMMER READING FOR CLUB MEMBERS GIVEN BY STATE CHAIRMAN

Announcement has come to local officers in the Woman's club that Mrs. G. H. Harriman, state chairman of literature and library service, suggests that reading of a selected list of books during the vacation months will prepare the members for a better understanding of the subjects which are to be studied in the various departments of the federated clubs.

She further states that even in clubs which expect to have outside speakers, it is advisable for the members, especially the chairmen, to study the topics under discussion.

From the following list many subjects may be outlined: "American Education," William F. Russell; "International Relations," Isaiah Bowman; "Latin America," James G. McDonald; "Western America Settlement," Hamlin Garland; "Europe of Our Day," Herbert A. Gibbons; "Modern Drama," Barrett H. Clark; "Interior Decoration," Dudley C. Watson; "Flower Gardening," Sidney B. Mitchell; "Psychology and Its Use," Everett D. Martin; "Appreciation of Sculpture," Lorado Taft.

This list sent out by the state chairman is particularly fascinating for in the group are the names of authors who are familiar to Jacksonville people not only as writers of authority but lecturers who have been recently in Jacksonville. Dr. Everett Martin, a former resident of this city and honored graduate of Illinois College, is noted in this group. Lorado Taft and Dudley C. Watson.

THEFT OF 75 CHICKENS REPORTED TO SHERIFF

Harold Norfleet residing south of Arnold has notified the sheriff's office of the theft of a flock of 75 chickens. The fowls were of mixed breeds and were of frying size.

Thieves With Truck Raid Bulk Plant of Arenzville Company

The Morgan county sheriff's office is in the midst of an investigation of the theft of several hundred gallons of gasoline, kerosene and oil from the Ed Long bulk station, a short distance south of Arenzville. The theft is believed to have occurred about 3 o'clock Sunday morning.

Located only a few feet south of the Cass-Morgan line, the bulk plant is in the jurisdiction of the Morgan county authorities. The thieves, however, are believed to have fled north across the line, probably to Beardstown.

Sheriff Fletcher Blackburn and deputies have been hard at work on the case and several clues were followed. A truck heavily loaded with barrels was seen to leave Arenzville early Sunday morning and head out toward Beardstown.

Three hundred and fifty gallons of gasoline, 100 gallons of kerosene, 65 gallons of lubricating oil, 5 gallons of alcohol and a number of tools were taken from the plant.

Several locks were knocked off of doors and pumps. The job of transferring the gas and oil from the tanks probably required more than an hour.

BILLY SUNDAY WILL PREACH IN CAPITAL

A number of local residents are making plans to go to Springfield Sunday evening to hear Billy Sunday, the famous evangelist, when he appears at the union church services held in front of the high school.

All the churches within a radius of twenty or thirty miles of Springfield are uniting for a service each Sunday evening in that city and the meetings have attracted considerable interest. Last Sunday evening there was an attendance of 1850.

ARRAIGN TWO AFTER THEFT OF HOGS IN GREENE

Grand Jury to Consider the Charges Against Pair—Baseball Player Hurt

Carrollton, Ill., July 17.—Michael Henkle and Anderson Whitlock both of Kane were arraigned for preliminary hearing Saturday morning before Justice of Peace Walter Postelwait on a charge of larceny. The complaint was filed by Orville Bowers of Kane who charges that the two defendants with George Loy, who was bound over to the grand jury on the same charge last Thursday, stole and that Henkle hauled three hogs valued at \$39.00 on Friday July 6 to the East St. Louis stock yards. After a hearing both men were bound over to the September term grand jury, and a bond of \$100.00 each fixed. Both men furnished the bond and are free until the grand jury convenes.

Hit by Baseball

Robert Bennett, a pitcher for the Alton Busters baseball club, was struck in the face by a thrown baseball Sunday in the game between the Carrollton Merchants and Alton and very seriously hurt. He was taken to the office of Dr. Ross Edwards who found he sustained a badly mashed nose which was broken and a bad cut over left eye and possibly concussion.

The doctor packed the man's head in ice and he was brought to the home of his brother-in-law and sister Mr. and Mrs. Homer L. Sheets. The game in which he was playing was lost by Carrollton in the eleventh inning after a pitcher's battle between Keller of the locals and Cook of Alton pitched after the first inning. Bennett was hit in the first half of the second inning. The final score was, Alton 3 Carrollton 2.

GENERAL STRIKE COMMITTEE HAS MADE REQUEST

(Continued from Page One)

Both union and other observers, declining to permit the use of their names, agreed the step taken by the committee left the way open for the general strike committee to call off the mass walkout in the event the unions refused to submit their case to arbitration.

These same observers were of the belief that acceptance of the individual unions of unconditional arbitration in the face of the new development would be a powerful influence toward bringing the employers into line.

Even the union observers, however, hesitated to predict acceptance of the proposal by union referendum, and no one would venture a guess as to how the general strike would be affected in case the maritime workers accepted and the employers refused.

Canceled Plans
The threatened extension of the general strike to Portland was halted, temporarily at least, when labor leaders there canceled projected plans until they could confer with Senator Wagner of New York, who flew there by airplane in an attempt to prevent a walkout of 35,000 workers.

The blighting shadow of the general strike extended itself officially over Oakland, Berkeley and other east bay cities today, when 42,000 men walked out. Like San Francisco these cities already had been paralyzed by advance strikes.

The national guard, with upwards of 4,600 men on active duty in San Francisco, extended its control to the outer waterfront of Oakland also.

Hugh S. Johnson, NRA administrator, in Berkeley, termed the general walkout "civil war."

While the raiders wielded club and baseball bats, smashing files, typewriters and furniture and scattering Communists in terror, the San Francisco executive strike committee went to work on a resolution proposing "unlimited arbitration" of all cardinal issues and an immediate return to work.

Nothing was given out officially, but some time later it was reported the committee had rejected the original draft of the proposal because it contained no requirement that the "closed shop" should be conceded before arbitration starts.

Labor spokesmen said work was begun then on revision to include this. Under the proposal as reported, the

100,000 union men on strike in the bay area and the 20,000 or more striking longshoremen and marine workers in other Pacific coast ports would go back to work at once and submit their grievances to arbitration with the proviso that nothing less than the "closed shop" would be given unions demanding it.

Among the places attacked by the citizens raiders were the Ruthenberg house at 121 Haight street, which quartered the Workers theater, Film Photo league, Spots club, school, book shop, and library and offices of the International Labor Defense league; and the offices of the Western Worker, known Communist organ.

All this came about while San Francisco still was under the spell of warlike rule, while the mass walkout spread officially to Oakland, Alameda, Berkeley and other East Bay communities, making the strikers 100,000 strong.

President Roosevelt himself, Honolulu-bound on the destroyed Houston, received radio reports of the ominous situation and in Washington it was disclosed there had been several requests for executive intervention.

Hugh S. Johnson, NRA administrator, was in San Francisco and avowedly at the disposal of anyone seeking his assistance toward a settlement.

Senator Wagner of New York, outstanding labor legislator, was flying to Portland, presumably in an effort to conciliate the increasingly threatening differences there.

Sabotage, window smashing and the beating of men here and there marked the second day of the general walkout in San Francisco and the first day in Oakland and the other East Bay cities.

Roving patrols of National Guardsmen were turned loose in Oakland to help the already enlarged police force maintain order.

Upwards of 4,600 National Guardsmen were well equipped behind army tanks, machine guns bayonet pointed rifles and heavy stores of ammunition in San Francisco. The waterfront and the wholesale district were barricaded from the rest of the city and fresh food supplies began moving in under armed convoys.

The strikers began to relax their grip on the wheels of commerce. Trolley car transportation was restored to a small fraction of the besieged city when the Municipal railway began running under a mutual arrangement between strikers and city officials.

Fifty-one restaurants were open under union sanction. Yesterday only 19 had operated in that manner. Nearly 2,000 others remained closed, however, and the food situa-

tion was acute in places. A general cleanup of asserted Communists was begun by San Francisco police almost simultaneously with the outcropping of peace reports.

In sudden sallies, the bluecoats arrested 200 Communists and announced they were on the trail of Communist leaders. The officers said they had the names of 2,000 others.

Winchester

George J. Peak received minor bruises when a car overturned in the ditch when he backed out of the driveway of his home Sunday evening.

Ralph Peak and E. W. Beghtol of Industry, Illinois, returned this evening from a business trip to Chicago.

Mrs. T. J. Dusan entertained the members of the Tuesday night bridge club this evening.

Mrs. Anita Shamel, secretary of the department of household science of the Illinois Farmers' Institute, of Springfield will be judge of the prize cakes at the Baptist picnic Thursday.

Thomas Meehan and son, Bernard of Bluffs were visitors in the city today.

There were about eighty school girls of the county examined at the clinic sponsored by The Scott County Farm Bureau today.

Mrs. Ralph Peak entertained a few friends at dinner this evening in honor of James Miner of Denver, Colo., who is visiting relatives here. Clement Miner of Rochester, N. Y., is visiting his sisters, Miss Bertha and Miss Nell Miner here.

FIND MISSING CHILD

Rocky Mountain House, Alta., July 17.—(P)—Missing in the foothills country two days and nights and sought by hundreds of organized searchers, two-year old Evelyn Bauch was found unharmed this afternoon a mile and a half from her home.

She was standing in tall grass beside a slough and crying when found by Joe Martignoli, a farmer.

After being taken home, the little girl was put to bed, suffering from exhaustion. Evelyn was unable to explain where she had been during the two hot days and two cold nights she was away from home.

SPRING GOES DRY

Neosho, Mo., July 17.—(P)—A big spring here, which has gushed a torrent of water since the first white man invaded this vicinity, has gone dry. There is only a small amount of seepage into the hole where the spring formerly flowed from beneath a rock.

'All Rigged Up' for Stratosphere

WAITER HELD ON MURDER CHARGE

London, July 17.—(P)—A charge of murder was lodged against Tony Mancini, the "stuttering waiter," today by authorities who accused him of killing Mrs. Violet Kaye, professional dancer, victim of the "Brighton trunk crime Number 2."

Mancini was arrested today after a 24-hour nation-wide search which followed the discovery of Mrs. Kaye's body in a trunk in a Brighton lodging house.

In the trunk also were the head and arms of another woman, believed to be those of the victim of another murder whose torso was found a month ago in a Brighton railway station.

Scotland Yard detectives did not reveal the basis of their charge against Mancini, who will be arraigned in police court tomorrow.

H. O. L. C. LOAN SERVICE READY FOR BORROWERS

Chicago, July 17.—(P)—Illinois officials of the HOLC announced today that they were ready to begin the agency's new loan service to homeowners who wish to repair or modernize their homes.

Regional supervisors representing thirty-one states completed preliminaries, said State Manager Henry G. Zander, in a session here with Donald H. McNeal, national director of the reconditioning activities.

The state officials will act first, Zander said, on 6,257 applications which have already been investigated. It has 3,500 more on file.

The average amount requested from home owners who wish to make repairs is \$179, Zander said, while the average loan sought for modernizing is \$835. The manager explained that no money will be paid out until the work is finished and inspected.

COOPERATIVE MARKETING

Centerville, Ill., July 17.—(P)—George Metzger, Chicago, secretary of the Illinois dressing a sectional organization meeting of farm leaders from twenty-nine southern Illinois counties, today urged farmers to turn to cooperative marketing to stimulate higher prices.

Metzger told the group the bringing into the country of much tariff free goods was helping to hold down the price of American produced products.

The meeting today was the first of five sectional gatherings throughout the state. Other meetings will be held at Hackensburg, July 18, at Galesburg, July 19, at Bloomington July 20, and at DeKalb July 24.

WILL TEST LAW

Louisville, Ky., July 17.—(P)—A test of the constitutionality of the state liquor control law and the city's control ordinance based on the statute was launched today by David Muschillo, pharmacy proprietor in an injunction suit.

The petition asserts that the failure to repeal the prohibition amendment to the state constitution makes the present laws invalid. It asks that the state and city be enjoined from trying to collect license taxes on the sale of medicinal whiskey and from making arrests for failure to pay licenses.

The suit involves about \$60,000 in annual liquor licenses taxes for the city and several hundred thousand dollars for the state.

NEW BERLIN PASTOR AT OMAHA MEETING

New Berlin, July 17.—In the absence of Rev. K. H. Hein, who left for Omaha, Neb., Saturday to attend the Walther League convention, his pulpit was filled Sunday by Rev. Hahn of Mt. Pleasant.

Rev. Hahn was accompanied by John Witrock, an old time resident of New Berlin.

Mrs. C. B. Warren of Springfield was the week-end guest of her son, Boynton, and wife.

Mrs. Morris Lee was taken to the St. John's hospital Saturday. Mrs. Lee's age is in the 80s and the extreme hot weather has affected her greatly.

Mr. and Mrs. Gordon Crosssett and daughter, Inez, of New Jersey arrived here Saturday to be the guest of Mrs. Crosssett's mother, Mrs. F. L. Taylor, for two weeks.

Miss Elsie Saunders and Von Bolling of Jacksonville were Sunday dinner guests of W. L. Osborne and family.

Mr. and Mrs. Weldon Eker of Alpha, Ill. were week-end guests of Mrs. Harold Zude. On their return home Sunday afternoon Miss Dorothy Eker who has been the guest of the Zudes for the past month, returned with them as also did Mrs. Zude who will spend the next two weeks in Alpha.

Mr. and Mrs. Vernon Kirby are spending a few weeks in Waynesville with their parents.

Miss May Lynn of Washington, D.C., and Mrs. Brayshaw of Homer, Ill., were calling on old friends here Monday.

Patient Injured by Another's Act Dies

A patient at the Jacksonville State hospital but one day, Miss Artie Calhoun, 74 year old Perry, Ill., woman, suffered an accidental injury that resulted in death. She was pushed to the floor by another woman patient, sustaining a fractured hip.

Her death occurred at the hospital at 8:15 o'clock Monday night. Details of the injury were brought out Monday at an inquest held by Coroner Elmer Sample at the Gillham Funeral Home.

Testimony showed that the Perry woman was brought to the institution July 9, and that she was injured July 10. Attendants told of picking the woman up after she had been pushed to the floor by the patient, and removing her to the infirmary.

The coroner's jury found that death was due to chronic nephritis with the hip injury as a contributory cause.

The jurors were C. H. Muehlhausen, foreman; Henry Vedder, Walter Eyre, Roy Eyre, M. W. Nighbert and George Holmes.

CALL STRIKE

Baltimore, July 17.—(P)—Eight hundred d members of the Baltimore Truck Drivers union were called out on strike late today by Harry Cohen, business manager, after a conciliation board was unable to reach any decision in the matter.

The dispute hinged on demands of the union for recognition for collective bargaining by the Davidson Transfer company. The union also is seeking higher wages and shorter hours, but union officials said they would agree to negotiate on these demands.

Those called out represent about half the membership of the organization.

STRICKEN WEIGHT FALLS

Leavenworth, July 17.—(P)—The 1,800 pound striker weight of the huge clock atop the command and general staff school building at Fort Leavenworth today broke from its moorings, fell 60 feet to the top floor of the building and then crashed through five floors before it stopped in the basement. No one was injured.

Will Try Hand at Deep Sea Fishing

By FRANCIS M. STEPHENSON

Aboard U.S.S. New Orleans, accompanying President Roosevelt, July 17.—(P)—President Roosevelt looked forward today to some deep sea fishing as soon as the cruisers Houston and New Orleans approach Clipperton Island, where the sport was reported excellent.

When the president ordered the course changed Sunday to head for the tiny island located off Mexico due south to the mouth of the Gulf of California, he expected to reach it late today. At 6 p. m. yesterday the cruisers were 400 miles from the island, and maintaining a fast pace of 21 knots per hour. The Panama Canal was 2,000 miles behind.

Yesterday President Roosevelt was an interested spectator as the Houston and New Orleans engaged in long range gunnery and range-finding practice. The craft separated and drill was held in flag signals, pointing and range finding, without actual firing.

After a day of leisure, the president and his party were entertained at dinner last night by Captain Walter B. Woodson of Houston.

HEADS ELKS

Kansas City, July 17.—(P)—Michael P. Shannon, Los Angeles attorney, was elected grand exalted ruler of the B. P. O. Elks here today and called upon the half million members of the order to become "shock troops" in a "pro-America" campaign against radicalism.

Hies call was to mobilize the full strength of 1,400 lodges into "shock troops" to combat an exterminate those who would destroy the business of this country, disrupt forever family relations, slash religion, liquidate American institutions and tear down the flag."

Shannon succeeds Walter F. Meier.

GIVE OUT JOBS

New York, July 17.—(P)—Tammany hall was getting a share of the federal patronage today.

James J. Dooling, serving his first day as leader, announced he had dispersed between 20 and 25 federal jobs already.

"It's true they were only file clerks and stenographers," he said, but of recent months Tammany's share of the federal jobs had been exceedingly slim.

Dooling was known to have had the tacit approval of the National Democratic administration, prior to his election.

SELECT JURY

Charleston, Ill., July 17.—(P)—A jury was selected here today to try Mrs. Ann Sandstrom, 38, of Indianapolis, Ind., for the murder of Carl V. Thompson, 43, a salesman from Indianapolis in a Mattoon, Ill., hotel May 9.

Ten state witnesses were heard and an alleged confession by Mrs. Sandstrom was introduced.

The witnesses told of finding the body in the doorway of the hotel with two bullet wounds showing, although five shots had been fired from the pistol.

CHURCH BUG LOSS

Champaign, Ill., July 17.—(P)—Continuation of the present rainy weather, State Entomologist W. P. Flint said today, probably cut the chinch bug loss in the Illinois corn lands to 15 or 20 per cent.

It also would eliminate the pest for several seasons to come, he said.

"Dry weather," however, Flint continued, "may increase the farm loss to as much as 40 per cent. But no matter what weather conditions may ensue, at least ten per cent of the corn crop is already a loss."

TWO-DAY MONKEY HUNT IN CHICAGO IS SUCCESSFUL

Fugitive Monk Has Big Time Swinging Along Girders of Railroad Station

Chicago, July 27.—(P)—The two day monkey hunt in the tangled wilds of the Dearborn railroad station ended in success today for the trappers, but they had to resort to a trick.

They lured Benny, the fugitive monkey, back into captivity by playing on his weakness. Benny gave up his careless life in the rafters of the train shed because he fell for a charmer. They put a lady monkey in the station and she vamped him down.

Benny had been living in the station since Sunday, swinging along the girders, and chattering insults at the express trains, lending a tropical note to the city's railroad business.

He had escaped from a crate in which he was being shipped to Frank ("Bring-Em-Back-Alive") Buck. Benny was almost caught. Then today trainer Joel Brown brought in the Simian girl friend, a little yellow and brown Indian monkey like Benny. She was just back from an escape herself, having been captured by the Marion, O., fire department when she swung off a passing train.

So disinterested was Benny that they took her away to a store-room. Then they missed Benny from the train shed. He had swung in the store room window. Volunteers helped close all exits. Nothing was open but the cage door Benny went in.

Want More Light in Bond Tangle; Suspect Racket

House Committee Sending Out Questionnaire to Complainants

Washington, July 17.—(P)—A house committee investigating the real estate bond tangle sifted today what members termed a \$25,000,000 "racket."

It prepared a questionnaire to obtain more light on the activities of some "bondholders protective committees." Complaints have been received, members said, that some such "committees" have been squeezing investors by charging high fees writing up exorbitant repair costs of the property back of the bonds and other wasteful practices.

The 30-question document will be sent to receivers of closed banks, banks trustees and officers of committees organized to accept deposit of so-called "gold bonds" which ran into difficulties during the slump.

Chairman Sabath (D, Ill.) said the committee wants to determine particularly if there has been any collusion between bank receivers and organizers of these committees.

The committee also decided yesterday on a questionnaire to be sent to all complaining bondholders.

Among other questions it asks the name

The next morning after the storm, one-half of the fish were found dead in the pool and before the day was over the remaining nine had died. Usually when a fish dies it comes to the top of the water and floats there. But the goldfish, after they died, remained at the bottom of the pool.

What caused their deaths is still a mystery. The water was deep enough that the hail could not have killed them and there were no bruises to indicate something had hit them. There was no debris of any kind in the pool. Some of the people who witnessed the strange occurrence believe that lightning or a falling light wire may have electrocuted the fishes.

And so she defended him to his mother as she would have stood up for him against the whole world.

Mrs. Farrell got up and went into the kitchen to make herself a cup of the weak hot tea that she always drank before she went to bed. It "sustained" her until morning, she always said.

"What about that girl? The girl that you and he were talking about?" she called out above the sound of water running into the tea pot.

"I'm not even going to think about that girl," said Mary Faith. "Dr. Thatcher says I ought to be quiet."

One of the queerest pranks of the storm here has just been reported by Charles N. Wright of West Douglas avenue. In the yard at the Wright home is a fish pool which a week ago was the playground for eighteen spry and healthy goldfish.

Lincoln Highway to Be Gravel Surfaced

Chandlerville, July 17.--Gravel for the Lincoln Memorial highway surface at this section arrived last week. Twenty carloads were on the track of the J. & H. Thursday and Friday. Machinery for unloading and storing hopper had not yet arrived. Emergency work had to be used in handling the supply.

Remote Large Tree Work toward removing the large maple tree which fell across the lawn of Mrs. J. C. Morse Tuesday evening was begun Friday. The large size of the tree trunk, four feet in diameter, required it to be removed in sections. Smaller trees falling throughout the town were dragged away by tractor power. Work continues on telephone lines which were snapped by falling trees and necessitated poles being reset at various points.

Shower for Fire Victims A shower was given on Tuesday evening by friends of Mr. and Mrs. J. Johnson at their home. Articles were brought to replace those lost in a recent fire which destroyed their home in Mason county on the Amherst farm. Guests from Chandlerville included Miss Ruby Stremming and Miss Loretta Deitch.

Mrs. F. Lambert with Mrs. Charles Amant and children, Mrs. Helen, Charles and Richard, left Friday morning by motor for Merrill, Wis., where Mrs. Amant will spend a month with her mother, Mrs. J. P. Lambert.

Mr. and Mrs. J. Elie were Thursday callers in Jacksonville.

Miss Virginia Bondefon, spent Wednesday and Thursday at the Epworth League state convention at New Salem chautauqua grounds.

Mr. and Mrs. Harry Hall and daughter of Galesburg are expected to return to their home here for the remainder of the summer. Mr. Hall has been employed in the C.B. & Q. shops in Galesburg for a number of years. The shops close indefinitely this month.

Think of my son doing a thing like this to me when I've given up my whole life to him for twenty-eight years and more! she said, her voice thick with tears. "Walking in and telling me to break up my home at a moment's notice! Ordering me off down to Garrettsville to live on my sister's charity! What's the matter with him, Mary Faith? What do you think all this?"

"I'll tell you what all this is. He's discouraged," Mary Faith answered steadily. "He's been having a hard time lately and he's just plain sick and tired of everything all at once. And you and I are just part of what he's sick and tired of--grocery bills and the rent coming due and the quiet life we lead here in this flat. Kim likes a good time and I should have seen to it that he had it. All this that's happened is partly my fault, Mrs. Farrell. You mustn't put the whole blame on Kim's shoulders."

And so she defended him to his mother as she would have stood up for him against the whole world.

Mrs. Farrell got up and went into the kitchen to make herself a cup of the weak hot tea that she always drank before she went to bed. It "sustained" her until morning, she always said.

"What about that girl? The girl that you and he were talking about?" she called out above the sound of water running into the tea pot.

"I'm not even going to think about that girl," said Mary Faith. "Dr. Thatcher says I ought to be quiet."

One of the queerest pranks of the storm here has just been reported by Charles N. Wright of West Douglas avenue. In the yard at the Wright home is a fish pool which a week ago was the playground for eighteen spry and healthy goldfish.

The next morning after the storm, one-half of the fish were found dead in the pool and before the day was over the remaining nine had died. Usually when a fish dies it comes to the top of the water and floats there. But the goldfish, after they died, remained at the bottom of the pool.

What caused their deaths is still a mystery. The water was deep enough that the hail could not have killed them and there were no bruises to indicate something had hit them. There was no debris of any kind in the pool. Some of the people who witnessed the strange occurrence believe that lightning or a falling light wire may have electrocuted the fishes.

And so she defended him to his mother as she would have stood up for him against the whole world.

"MARY FAITH" by Beatrice Burton

COPYRIGHT, 1931, BY KING FEATURES SYNDICATE, INC.

SYNOPSIS

Mary Faith, comely young orphan, gives up her position as secretary to the wealthy Mark Nesbit to marry Kimberley Farrell. Kim, a young shiftless lawyer, lives with his mother. When the latter objects to the marriage, Kim brusquely startles Mary Faith by breaking the engagement. Later, when he sees her with Mark Nesbit in a jewelry store, selecting a ring, his jealousy is aroused. The next morning he appears at Mary Faith's boarding house and overwhelms her with his protestations of love. She again leaves her position and, after a hasty marriage, they spend an ecstatic two weeks' honeymoon in the house of Kim's aunt in the country. Returning home, Mary Faith moves to the Farrell apartment. Kim's friends, Claire and Jack Maldon, find Mary Faith a dull companion for their jazzy parties. Mary Faith realizes Kim is irritated by her failure to drink and gamble. During the winter Kim attends the law. Mary Faith takes care of the house but knows nothing of Kim's finances. When he hints at being pinched for money, Mary Faith accedes to his request for \$50. Later, he admits taking that sum from the firm's collections for his own use. The next night, at dinner, he tells Mary Faith he has lost his position. He then persuades her to let him have a thousand dollars to open his own office. Mary Faith, learning that she is to become a mother, joyously visits Kim's office to tell him the good news. She finds him flirting with a girl. Kim is furious. Mary Faith decides not to tell him of the approaching event. Back in the apartment, Kim tells Mary Faith and his mother that he is getting out of that marriage. It is a failure. Mary Faith tries to stop him from leaving but he is adamant. "We made a mistake," Kim said. Mary Faith tells Mrs. Farrell that her baby is to be born in January. They decide to stay on in the flat.

Progress Made In Cleaning Streets Here Emergency Relief Group Needs Trucks To Do Work

Slowed up by the lack of trucks, the Illinois Emergency Relief project to clean the city streets is still moving along. A large amount of work remains to be done, and it is estimated that the funds allotted to the project will be used up before it is completed.

Mrs. T. J. Kelly, local Emergency Relief director, stated yesterday that the local unit would be considerably aided in its work if local truck owners could see their way clear to donate the use of trucks. No allotment was made for the operation of trucks on the project, she said, and any trucks donated would have to be donated in full, with drivers, gasoline and oil.

The clean-up project will cost the commission in the neighborhood of \$10,000, Mrs. Kelly estimated yesterday, by the time the trees are all removed from the streets and cut in to stove lengths. The wood is being piled in the county lot at the corner of East Lafayette and Illinois avenue, where it will be reduced to stove wood lengths later.

Three trucks belonging to the state highway department have been loaned to the local commission to aid in cleaning up the debris, but with a force of from 180 to 200 men working, it is difficult to keep the various crews engaged. The workmen have concentrated most of their efforts thus far in clearing the streets, chopping off branches and working the timber into sizes convenient to handle.

RUSSEL TRIAL IS SCHEDULED FOR SEPTEMBER TERM

Dunlap's Trip To Prison Is Held Up Pending Action

Springfield, Ill., July 17.—(AP)—The approaching trial of Andrew Russell of Jacksonville, former state auditor and treasurer, has been the subject for a series of conferences in the office of the United States district attorney.

The trial is scheduled for September, although it may be held earlier. There have been unsubstantiated rumors that Russell, who also served on the State Board of Pardons and Paroles during Republican administrations, might plead guilty and petition for probation.

The pending charges of misapplication of funds of the Ayers National Bank of Jacksonville have served to delay the imprisonment in Leavenworth penitentiary of M. F. Dunlap, who was indicted with Russell.

Dunlap was president of the Ayers bank, which closed nearly two years ago. He and Russell formerly were partners.

Convicted in federal court last fall on false entry charges, Dunlap was sentenced to serve two years. He appealed the case and lost.

Dunlap's trip to Leavenworth has been held up, however, until it is decided when the Russell trial will be held. If it is called this summer, the aged banker probably will be allowed an extension of his freedom on bond, to save the government the expense of bringing him back to stand trial with Russell.

GREENE COUNTY HOG QUOTA IS ADJUSTED, REPORT

Government Requirements are Met by Government; Other Greene News

Carrollton, Ill., July 17.—A clearance was received here last Friday by Harry Combrink, secretary of the Greene County hog-corn program, from A. J. Surratt of Springfield, indicating that the hog production in this county has been scaled down to meet the government quota for the county. The issuing of this clearance means that the allotment committee of the county has adjusted the number of hogs allowed in each contract to meet the government requirements.

Greene county had an over-statement of 22,000 hogs produced for market during the years 1932, '33. The overstatement actually existed, without taking any hogs which were properly allowable in the county. The early payment contracts will be forwarded to Washington within the next ten days or by July 26 and assurance has been given that the checks are being mailed from Washington within ten days after the contracts are received there. The regular contracts are being made ready for the last signature and are being forwarded in groups of 200 contracts as rapidly as the signatures are obtained for the contracts. Greene county farmers will receive over \$300,000 on both corn and hogs and on the first instalment approximately \$240,000 will be received by the farmers of this county.

Lack of Gasoline Didn't Stop Young 'Teamster'

When teamsters joined the strike movement in San Francisco, any and every sort of vehicle was pressed into service, and that lad at the left tried to do his bit to see that his mother had bread at home. But gasoline stocks quickly ebbed, and most gas stations could give you only a shrug, as the fellow at the right is doing to an anxious motorist.

Electricity Is Restored Here To Consumers

Many Crews Repair Lines Broken By Storm

A survey made by John R. Hoffman, superintendent of the Illinois Power & Light company yesterday, showed that electric service had been restored to all but about 30 of the company's customers. With practically all consumers out of service, due to the severe storm, the light company has done efficient work in restoring service so speedily.

Numerous crews of linemen from several Illinois cities were rushed into Jacksonville to assist in the work of rebuilding the lines.

The Bloomington and Danville crews were released last night and returned to their homes. Tonight the Champaign, Springfield and Azenville crews will be released. The Decatur crew however, will remain in Jacksonville for several days, assisting in the rehabilitation work.

Mr. Hoffman stated yesterday that a force of engineers will make a thorough inspection of the city beginning today. These men will inspect all work done and will make a chart showing where new wires are to be installed.

While the linemen attempted to make permanent installations as they worked thru the city, in many instances this was impossible and a crew will follow the engineers and make all changes found to be necessary. Many broken poles had to be reset, the company having rushed two carloads of poles into the city for the purpose.

The consumers who are still out of service are on the outskirts of the city and will receive service within a few days. The company, however, might have missed some customers and a call to the light company will bring a man immediately.

Mr. Hoffman also asks that anyone noticing a broken wire sparking, should notify the light company's plant, phone 1140 at once, as by this means, a life might be saved.

Many letters of congratulations were received by the light company during the past few days, consumers thanking the local men for the promptness in restoring service.

Service to the business district was restored in about two hours after the storm, although practically all the lines leading into the downtown district were knocked down by falling trees.

BEGIN WORK ON RELIEF PROJECTS IN SCOTT COUNTY

To Employ Thirty Men in Bluffs—Other Bluffs News Notes

Bluffs, July 17.—Ten men were started to work here today on work relief projects which will consist of street and cleanup work. This will include the widening and straightening of the eastern end of Oakes street, the repair of various culverts and crossings and general cleaning of drainage ditches.

Application has also been made for a project to cover the painting and repairing of the Community High school building.

These projects will employ approximately 30 men and are those who have been receiving relief and are carried on as a part of the Illinois emergency relief program.

Retirement Fund.

Local railway employees have received notification from the railway management that effective August 1, a deduction of 2 per cent will be made from their salaries to apply on the railroad retirement fund. This is to conform with the national pension law recently enacted.

The actual retirement of eligible employees and payment of pensions will begin about February 1, 1935. It is estimated that ten local men will be eligible for retirement at that time.

News Notes.

Chapin Missionary Society holds meet.

The first meeting of the new year of the Chapin Missionary Society, was held at the home of the president, Mrs. Helen Markham Shultz, recently. A splendid program was arranged by Mrs. Shultz, and all who were present enjoyed a very profitable afternoon.

During the business period, which was opened with a piano number by Miss Mary Ella Smith, there were plans made for the ensuing year and also excellent reports given of the last year's work. A committee was appointed for the arranging of the programs and the filling out of the Year Books, consisting of Mrs. Clarence Jewsbury and Miss Ruth Hutchins. A committee was also appointed for the arrangement for the next sale, consisting of Mrs. Emma Anderson, Mrs. W. N. Bobbit, Mrs. Ruth Calloway and Mrs. Mattie L. Cartwright.

It was decided to take quarters to invest, and begin work immediately. Mrs. Clarence Jewsbury gave a most impressive devotional service, during which, F. W. Shultz sang, "My Jesus, as Thou Wilt." The program, which was in charge of Mrs. Shultz, was cleverly arranged. A dramatization of "our pioneer" was given. Mrs. Myra Perbix, by the use of her Aladin lamp, rubbed up the pioneer leaders. Mrs. Emma Anderson appeared as Maria Jamison and told in an impressive manner of some of the early work.

Miss Ruth Hutchins, as Miss Mary Grabbil, spoke of her interest in the work both as a missionary and as a retired missionary, in her California home. Mrs. Cartwright, impersonating Mrs. Anna R. Atwater, spoke of her joy at being the last president of the Woman's organization, and helping to unite in one, the various boards to form the United Christian Missionary Society, which has been functioning for fourteen years. The meeting was closed by prayer, and all joined at the close, with the usual benediction. There were three guests present.

Veterans Ask Completion Of Soldiers Unit

Jacksonville Legion To Request Funds For Kitchen

A movement to bring about the completion of the soldiers' unit at the Jacksonville State hospital was begun at the meeting of the local post of the American Legion last night. The veterans voted to instruct the commander, John W. Larson, to appoint a committee to confer with Dr. C. St. Clair Drake, managing officer at the local institution, and A. L. Bowen, director of the department of public welfare, relative to the possibility of the completion.

A kitchen is needed to bring the unit to completion. The erection of a kitchen would provide a separate unit from the remainder of the institution. Money was appropriated by the 57th General Assembly for the kitchen, but it has never been available, the appropriation being held up for various reasons, principal among them being that of economy.

The local Legionnaires feel that in view of the fact that there is a movement on foot in the nation toward construction of buildings, and because the kitchen is needed, now is the proper time to work towards its completion. Anticipating that the kitchen would be built some years ago equipment was purchased and is still at the institution.

The Jacksonville post of the American Legion has always maintained a keen interest in the welfare of their disabled buddies at the State hospital, having had a prominent part in the establishment of the cottages on the institution grounds, and the veterans are anxious to complete the unit.

Reports of committee chairman and officers were heard at last night's meeting. Thomas Craver making a report for the post activities committee; Glen Skinner for the canteen; Roy Hapke for the rehabilitation and relief committee; and Harlan Williamson as finance officer.

Commander Larson made a report of the Fourth Division Legion convention which he and Father Frank J. Lawler, department chaplain, attended at Mattoon last Sunday, and Homer G. Bradney told of the 15th District convention he attended at Galva on the same date.

It was announced that three delegates and as many alternates will be named next month to represent the post at the state Legion convention at Peoria in September. The annual meeting of the post will be held in September.

Infant Dies

George Allen Battley, infant son of Mr. and Mrs. George Battley, was stricken by the heat this afternoon about 4 o'clock. Mrs. Battley found her two weeks old son in an unconscious condition and called Dr. J. W. Eckman who pronounced the child dead. The extreme hot weather was thought to have been the cause of the child's death.

Funeral services will be conducted at the Battley residence at 2:00 o'clock tomorrow afternoon.

News Notes

Roy Dietler was called to Alton today by the death of Mrs. Celia A. Parker, aged 103 years, who passed away at the Old Ladies Home in that city. Mrs. Parker was the oldest resident of Alton and was thought to be one of the oldest people in the state. She came to Illinois with her parents in a covered wagon in 1838 and was for many years a resident of Barry.

The remains were brought to the Dietler funeral home here and will be taken to Barry tomorrow where funeral services will be conducted at the Baptist church in Barry at 2:00 o'clock Wednesday afternoon.

I. C. Collects On Insurance After Century Damage To Buildings Is Estimated Here At \$4,000

Business Manager M. M. Barlow, of Illinois College, read the story Tuesday of the city council chattering over its good fortune in having taken out windstorm insurance just ten days before the building was hit by the big blow of a week ago, and did a bit of chuckling himself.

For 105 years, as far as is known, Illinois College got along without windstorm insurance. But this year windstorm insurance was added to the various types of protection carried on the college plant, and then came the storm.

The insurance went into effect sometime in May, and according to the business manager, it didn't take very long to get some action. Damage to college buildings amounted to approximately \$4,000 according to an estimate made by adjusters, who were soon on the scene.

Sturtevant's two tall towers were hit hard, the wind blowing away the top of the bell tower, and twisting the top of the flag tower to such an extent it probably will have to be rebuilt. The biggest item of expense in both cases will be in purchasing material for erecting a scaffold to get up to the towers. Several large rocks near the top of the flag tower estimated to weigh 75 pounds each, were blown 75 feet from the base of the tower.

Jones Memorial building also suffered to the extent of a base damaged the roof, destruction of stained glass window, and parts of the cornice being blown away. All of the stained glass windows will have to be reset as the result of the blow on the leaded windows.

Crampton hall, men's dormitory, lost the roofs of the two flat portions of the top of the building, and the skylight on the new Tanner Memorial library was broken. All of the buildings suffered minor damage to the roofs and numerous trees were blown down.

Mr. Barlow, however, came to the defense of the city's elm trees, stating that elms appeared to have withstood the ravages of the storm better than other trees. He pointed out that elms at the college were practically unhurt, cottonwood and soft maples were considerably damaged.

Winchester Gets First Relief As Slight Rain Falls

Winchester, July 17.—The vicinity of Winchester received slight relief from the drought about 5:00 o'clock this morning when approximately 1-5 of an inch of rain fell. This was the first rain of any consequence this vicinity has received since June 22nd when the only good rain of the season was received. The rain here did little more than settle the dust and still leaves the corn crop in a very serious condition. All ready much of the corn is lost and if rain is not received within the next few days the crop will be very small in this locality.

The rain this morning was heavier across the north end of the county where it was reported about 1 inch fell. West and south of Winchester there was little relief
